STRAWBERRY PICKERS TO SOUTHWEST FINLAND

Farms in Southwestern Finland are looking for strawberry pickers for summer season 2010.

The season is June - July (depending on the weather) but can often be prolonged for picking some other berries or vegetables - according to agreement.

Average salary per month is about 700 – 1500 euros, gross
(Employees working in Finland for less than six months pay the so called source tax.

This means that 510 euro / month is deducted from the salary. For earnings more than this the tax is fixed at 35 % + approximately 2 % for pension and unemployment funds.)

Accommodation can often be arranged at the farm at a low price.

For example at one of the participating farms the accommodation cost is 2,5 € / day.

Check also one employer's www page: www.mansikkatori.com

Please, do not send your application letter +CV and photo to the company but to:
